

National Technical Working Group (NTWG)

The National Technical Working Group (NTWG) is responsible for the overall national-level coordination and oversight of scientific and technical matters in relation to SAP implementation, as well as supporting regional scientific and technical bodies. The NTWG will review and co-ordinate national scientific and technical activities of SAP implementation. The NTWG will review and evaluate, from a scientific and technical perspective, progress in the achievement of SAP targets, and provide guidance for improvement when necessary. The NTWG will provide the IMC with recommendations on proposed national and site-based activities, work plans, and budgets, technical guidance and suggestions to improve SAP activities where necessary, including the reform of policy, legislation and institutional arrangements. The NTWG will facilitate co-operation with relevant national and provincial organisations and projects to enhance the information and science base for use in achieving SAP targets and in preparing updated National Action Plans and a revised Strategic Action Programme. The NTWG will be chaired by the lead national agency and will have as members the National Focal Points or Chairpersons of the Specialized Executing Agencies (SEAs) and all other relevant ministries and agencies deemed necessary.
